

4Life Transfer Factor® GluCoach®

Healthy Balance

- Supports the body's ability to metabolize glucose and maintain healthy sugar levels
- Features Targeted Transfer Factor® technology
- Provides antioxidant support

What is 4Life Transfer Factor GluCoach?

4Life Transfer Factor® GluCoach® is formulated to promote healthy glucose levels in the body and provide support to both the metabolic and endocrine systems. Enriched with Targeted Transfer Factor and a proprietary blend of healthful ingredients, it supports your body's ability to metabolize glucose, which helps maintain healthy sugar levels.

Did You Know?

Targeted Transfer Factors are part of a revolutionary new system of support, scientifically researched and developed by 4Life, where the power of transfer factors and the combination of additional ingredients are targeted to directly benefit specific systems of your body.

PRIMARY SUPPORT:

Body glucose balance

SECONDARY SUPPORT:

Immune
Antioxidant

Key features

- Features Targeted Transfer Factor technology to provide focused support for healthy sugar levels in the body.
- Includes a proprietary blend of *Pterocarpus marsupium*, *Gymnema sylvestris*, Fenugreek seed extract, *Momordica charantia* fruit extract, and Korean Ginseng to support healthy pancreatic function and glucose balance.
- Contains transfer factors (immune messenger molecules) that help educate immune cells and promote the immune system's ability to more effectively recognize, respond to, and react to potential health threats.
- Ensures exclusivity with the protective United States patent 6,468,534 (extraction process for transfer factors from egg sources).

DIRECTIONS: Take four (4) to six (6) capsules daily with 8 oz of fluid.
